## 57 Articles Face Voters In March

There will be 57 articles facing voters at the annual town meeting March 8, beginning at 9:30 a.m. in Memorial Auditorium.

The warrant closed last Friday and the articles were placed in order by the selectmen Monday night.

Among major items in the special articles, are \$1,000,000 for the obtaining of nine sites for public schools and \$295,000 for the planning of three schools.

The planning article is to provide for plans for the high school addition, an addition to the West Junior High school and an addition to an elementary school.

Another major item calls for \$375,000 to obtain the former Andover playhouse property and the Daly block on North Main street for parking purposes.

There will be \$50,000 asked for improvements to Burt Road in the Lowell Junction industrial area. Contained in two articles, road improvements would be done in Andover under one item and some work in Wilmington in another article. The work in Wilmington would hopefully be on a co-operative venture, according to Town Manager Richard J. Bowen.

An addition to the town garage, totalling \$15,000 is being asked to provide storage facilities for town equipment.

## Boy Scouts To Head Town Departments

Wednesday, Feb. 12, approximately 15 Boy Scouts will spend the afternoon at the town hall as part of their celebration of Boy Scout Week. They will assemble in the conference room at 1 p.m. and will then have an orientation about town government. One boy will be assigned to the town manager and one to the chairman of the board of selectmen. Others will be presented with problems which they will then have to try to solve by visiting various departments.

At 2:30 p.m. they will assemble once more in the conference room for a "mock selectmen's meeting." This will last until around 4 p.m., and then light refreshments will be served to the boys and as many department heads as may be able to come. It is hoped that all department heads can be

## Financial Status Is Untidy

Evidence continues to mount of the untidy state of the school administration's system of handling its finances.

Meanwhile, the school committee team led by Northeast University engineering dean William F. King set to work to revise the entire accounting procedure of the school department. King told the TOWNSMAN it was plain now that the school committee had acted unwisely last year in yielding to administration demands to continue to handle school accounting themselves. "It just postponed untangling the mess."

Dr. Albert Greenberg stated Tuesday night that several department heads have recently told him that they were urged in the last weeks of the year to "go out and spend" - even in excess of their budgets, TOWNSMAN investigation revealed, as in the case of the music department.

It is also clear by now that the \$35,000 deficit in the expense budget handled by Jack Berberian would have been much larger, except for the mid-December purchase order cancellations Berberian made when the accounting errors began to show up and expose the sinking state of the school's expense fund.

The TOWNSMAN independently checked with heads of three departments - music, audio - visual and library - and batted three for three in finding discrepancies and errors in administration reporting of their expenditures.

The \$3000 music overexpenditure which the TOWNSMAN reported from last week's school committee meeting does not represent new instruments or equipment which the department now owns, it turns out. It represents, among other things, an order for about \$2000 worth of blazers for the band, ordered around Dec. 1, and cancelled later in December. Checking with music department head Edward Grigoli, the TOWNSMAN found the actual expenditures of the music department to be not \$9000, but \$5256.35 out of a budget of \$6000.

Meanwhile, down at the audio-visual department (K-9), department head Robert Bachmann was having the opposite kind of trouble. Bachmann states that he and his secretary, Mrs. Charles Bowman, keep a strict accounting of their expenditures and their budget status, and that Superintendent Edward L. Erickson decreed early last year that absolutely no AV purchase was to be made without Bachmann's signature on the purchase order.

Yet, says Bachmann, when he informed Berberian late in the year of plans to spend some of the remaining \$3000 in the AV budget, he learned that his account was \$3000 in the hole - a \$6000 discrepancy from his documented AV accounts.

Evidently other unauthorized school personnel had been raiding the AV account, using town purchase orders and the AV code

number, or ordering by phone. "It's just as if someone took my bank book and cleared my account," said Bachmann.

Bachmann was also unhappy that the statement of the K-9 AV budget which the school committee acted on was mistakenly swelled by a \$10,000 request for AV materials from the library director, which had nothing to do with his department; he felt this gave the erroneous impression of a sharp rise in his budget request. Actually, said Bachmann, his 1969 request of \$18,765, including both new equipment and all operating expense and supplies, is only about \$1100 more than his 1968 budget of \$17,595 - several thousand of which he never saw.

The school administration has stated that the deficit stems from omissions in posting expenditures, overexpenditures in some departments, and limitations of the bookkeeping machine. King added that the real problem lies in the accounting system itself. He added that one of the problems in controlling the expenditures was that the position of general services supervisor was given lots of responsibility, but little authority.

## Big Vote Needed To Pay Deficit

The \$35,000 deficit incurred by the school department in its expense budget, will have to be approved by 80 per cent of the voters at town meeting in March.

Under statute, past expenses will require the 80 per cent vote.

Since the items contracted for, are not contained in any special warrant articles, it is presumed the school department will present the deficit within its budget presentation.

This will mean that the close to \$35,000 in arrears will have to be pulled from the budget consideration and voted separately in order to conform to the statutes.

The Finance committee is expected to have something to say about the school department expense budget prior to action on the budget.

Dr. Albert Greenberg, chairman of the FinCom has indicated that his group will examine the 1969 school budget with an eye toward eliminating up to \$35,000 since he feels, "if they spent that much over last year, doesn't it seem they won't need that much this year."

## FinCom, Selectmen Differ On Change In The Bylaws

The selectmen and finance committee ran into dispute Monday night on a special article in the warrant dealing with the October special town meeting.

The selectmen have proposed a bylaw which would eliminate the powers of the finance committee at a special town meeting. It would place the October session, now a regularly scheduled second town meeting, in the same category as the annual meeting.

The proposed bylaw would eliminate the stipulation that FinCom disapproval of an article would prohibit consideration at a special town meeting.

Chairman Albert J. Greenberg of the FinCom said that he and his committee would fight the matter on the floor of town meeting, feeling the selectmen were attempting to circumvent the powers of the finance committee.

Town Manager Richard J. Bowen said there was no effort to bypass the FinCom and that the bylaw was meant to apply only to the

## Parking Issue Doomed

One article in the annual town meeting warrant, sure to run into difficulty is the item calling for the appropriation of \$375,000 to obtain the Andover playhouse property and the Daly block on Main street next to the library.

Already the Finance committee is definitely opposed to the article which is being sponsored by the Andover Chamber of Commerce.

Under terms of the article, the properties would be acquired and demolished to provide additional parking areas.

The town has twice rejected acquiring the theater property on Essex street. It was offered to the town for \$80,000 by former owner Samuel Resnik. Rejected at a special town meeting, then at an annual town meeting, the property has since been purchased by Danton Realty Trust.

Phidias Dantos a member of the Danton firm, said he felt the town would not approve the purchase of the property.

He pointed out that in order to purchase the particular site, it would require considerably more than the \$80,000 originally offered by Resnik. He said that his firm bought land after the town had rejected it.

Since that time the area is committed to parking use for tenants of the Standard International building, which Danton owns.

Improvements have been made, taxes paid and interest on improvement loans have been made, all increasing the costs of the particular property and which would have to be considered in any negotiations.

If the property was obtained through eminent domain proceedings, then court costs would have to be added to the total involvement.

Dantos said that he had talked with members of Memorial Hall library trustees regarding an access to the library to the rear of the building, but that no amicable agreement was reached in discussions.

The library needs access to the rear and has an agreement with the current theater property owners to trespass over the area.

The Daly block is occupied by several tenants residing in the apartments. It is currently owned by the Cyr Oil Co.

# Stop reading The Way They Did 100 Years Ago

100 years ago, people read the way you're reading right now.

Word by word. About 300 or so words a minute.

And 100 years ago, that kind of reading didn't cause any problems. You could keep up with what was happening pretty well.

But today, our knowledge is exploding so fast that people who want to keep ahead are actually falling behind. There's simply too much to read. Too much homework. Too many books. Too many reports and memos.

What's the solution? Learn how to read faster and better.

You can do it, too. So far over 300,000 other people have done it. People with different jobs, different educations. Students, businessmen, housewives.

These people have all taken a course developed by Evelyn Wood, a prominent educator. And all of them have at least

tripled their reading speed with equal or better comprehension. Most have increased it even more. Some have increased it 10, even 20 times.

Think for a moment what that means.

All of them—even the slowest—can now read an average novel in less than two hours. They can read this ad in 15 seconds. They can read an entire issue of Time in 15 minutes.

They don't skip or skim either. They read every single word. Nor do they use machines. Instead, they let the material they're reading determine how fast they read.

And—mark this well—they actually understand more and enjoy more than when they read like you. That's right. They remember more. They enjoy more.

You can do the same thing—even if you're a relatively slow reader now. In fact, if you don't

at least triple your reading ability, the course won't cost you a thing.

This is the same course President Kennedy had his Joint Chiefs of Staff take. The same one Senators and Congressmen have taken.

It's eight weeks long, 2½ hours a week, with classes held regularly in Boston and suburbs.

Shouldn't you find out more about it? You can, simply by coming to a free one-hour demonstration.

We'll show you a film. Explain the course more fully. Answer any questions you might have.

You'll be under no pressure to enroll. If you don't want to, fine. But do come. It could change your life.

THIS MAGNIFICENT NEW GROUP ushers in a new era for Maple. The mood is old, the manner grand, the ancestry proud as in no other Maple of our time.

Here is the honest, rugged beauty of the handcrafted furniture of the American colonists, translated into a flowing beauty. Everything is grand-scale: note the thickness of the wood, the sturdiness, the weight without bulk.

You will find nothing like this massive grace, this fluid beauty in any other Maple furniture, anywhere.

## Two Great Finishes

### Ancestor Maple

It is the result of 12 distinct, separate steps in hand sanding, hand staining, hand waxing, more and more hand rubbing. The 8th and 9th operations - the subtle dark marks - give the final touch of authority. This highly individual finish is the result of long research and experimentation by the Conant Ball Company.

### Collector's Antique

This antique brown finish is the result of hand aging. The wood itself is physically distressed, followed by hand staining, inking and crayoning - plus a shading operation that enhances the "old world" look of fine antiques. Each piece is then carefully hand rubbed and waxed to a mellow - soft - rich - patina.

**BUFFING.** David Belanger is shown buffing the car he worked on at the industrial arts class at Andover High school

## Perseverance Produces A Car

A good looking, gleaming red car with a new, black vinyl hardtop parked outside the high school's industrial arts department, looked a lot different last November when David Belanger brought it in. The difference is thanks to perseverance, elbow grease and use and equipment of the metals room at the high school.

David, a senior who lives at 94 Bellevue Road, bought the car from his family's auto business, its owner had brought it in after it had been stolen, then recovered "all-wrecked up," not worth much. The windshield and rear window were smashed, the right front fender worthless, and there were dents all over the chassis.

David took on the project of giving the car a complete body job, and preparing it for a new coat of paint. He used the metals room equipment, but provided all his own supplies. In the process, he has learned a tremendous amount, and has the satisfaction of a job well-done - and he's turning down offers in the four figures for his car.

For those who don't know, a body job starts with taking out dents with a hammer and dollies, and taking the car down to the bare metal with the metals shop's grinder - a kind of buffer. This, David said, took three days in class and in extra periods.

Anyone who took a short cut from the parking lot through the metals room last November would stand a good chance of seeing David hard at work, with other students kibitzing the job.

Priming was the next step, and it took three coats with the spray gun, sanding each layer down carefully by hand. This took the longest time of all as the priming coat must be completely smooth, before the car could be sent to the Belanger's garage for a commercial paint job to become the appealing acrylic laquer beauty that it is today.

## Mardi Gras Dance, Planned.

be in Andover at Memorial Hall

Library on Feb. 27 to conduct the eight-week training course for Junior Great Books leaders. Mr. Hauch is the Foundation's Program Administrator for the Atlantic States. He is a graduate of Loyola University with a B.S. degree in English Literature, an M.A. in Philosophy and is a Ph.D. candidate at Northwestern University. Before joining the Great Books Foundation four years ago, Mr. Hauch was an instructor at Barat College, Lake Forest, Illinois.

William J. Igoe, Andover High school guidance director, has scheduled the weekly training sessions in order to provide additional discussion leaders for the Junior Great Books enrichment program. Upon completion of the tuition-free course, leaders are awarded certificates of achievement and are qualified to co-lead discussion groups in the schools.

The Junior Great Books program is in its third year in the Andover public schools and is offered on a voluntary basis to qualified students in the fifth through eighth grades. It is an extension of the adult program and is regarded by educators as a powerful supplement to a student's formal education. Through the skillful questioning by trained leaders, a student learns to explore classical literature in depth, to think for himself, to share his insights with members of the group and respect others' opinions.

Enrollment in the training course is near capacity. Any adult still desiring to register must contact the program's coordinator, Mrs. Edward Stupack, 18 Nutmeg Lane.

Gordon Presents  
Views To  
Guidance Group

Hampshire College in Amherst, has completed its first series of colloquia with high school guidance counselors, principals and headmasters of secondary schools.

Donald Gordon, principal of Abbot Academy, was among those invited to participate. These colloquia were called to help the Hampshire College Admissions Office devise its program. Hampshire College is a new college which will open in the fall of 1970. It is being sponsored and actively supported by Amherst,

Mount Holyoke and Smith Colleges and the University of Massachusetts, to experiment with innovative solutions to undergraduate education and to determine the financial and academic advantages of cooperation among the five colleges.

Franklin Patterson, President of Hampshire College, said, "There are lots of questions we want to explore about admissions procedures: How valid are the national college admissions tests for Hampshire; can interviews be better directed to help assess candidates; can we design application forms which will better reveal individual styles. We're grateful for the insights we have received on these sorts of questions from Donald Gordon, Abbot Academy."

## DiDio Named To Lead Fund Drive

Mr. DiDio who lives at 189 River Road will be assisted by Mrs. Benjamin Slade, Mrs. Arthur L. Rairigh, Atty. Edward A. Gordon, Arthur E. Kerwien, Thomas Rees, William N. Perry.

The state-wide campaign which seeks \$1 million will enable the program to operate from a larger modern building on Huntington Avenue near the Harvard Medical Center.

The Massachusetts Blood Program, which collected more than 140,000 pints of blood last year is the second largest in the United States. It pioneered the use of plastic equipment, developed new blood collection and testing procedures and was the first to use automated blood typing. ### Symposium

Pharmacists who attend a symposium that is preceded or followed by a cocktail party shouldn't be unduly surprised. The word "symposium" is derived from two Greek words—*sun* meaning "together" and *posis* which means "to drink."

In ancient times, a symposium was nothing more than a friendly get-together for the purpose of enjoying a few drinks. Gradually, the word lost its convivial connotation, and took on its current meaning—a gathering to discuss subjects of common interest.

## FINCOM

(Continued from Page One)

powers should be retained.

Tuesday Chairman Allen issued a statement from the board relative to the position in a letter to the FinCom. The letter follows.

"In view of the lengthy discussion of last evening on the Article admitted to the Warrant by the Board of Selectmen relative to the Finance Committee and money articles at the scheduled October Special Town Meeting, I feel it appropriate that I make an attempt at stating the Board of Selectmen's position on this matter.

"The single and simple reason for suggesting this change is to have the October meeting operate under the same rules as the regular March Town Meeting. The October meeting is scheduled; it is specified by Town By-Law; it is a permanent fixture. It should be considered as important as the regular meeting and its rules of operation should, therefore, be no different. It is the Board's position that the Finance Committee's veto power on money Articles at

this meeting is inconsistent with the entire idea of having this regularly scheduled Special Town Meeting. It is the Board of Selectmen's position that this change in no way whatever diminishes the stature of the Finance Committee. You are a respected Town institution and your advice and counsel are considered highly by the Town Meeting. This certainly will continue. The veto power that you hold on money matters at other than the March and October meetings would continue and the Board of Selectmen would argue against any change beyond that which is being recommended at this time.

"To suggest that what the Selectmen are proposing is an attempt at circumventing the Finance Committee is just not true. We regret any feeling by your committee that this is the purpose of this By-Law change. The Finance Committee has proven itself to be most effective by virtue of its powers of persuasion at the annual Town Meeting and this is certainly the most important meeting of any year. There is no reason to believe that this condition will not continue.

"We would hasten to point out to the Finance Committee that, as elected representatives of the Town, it is our collective responsibility to make recommendations to the Town Meeting in every area of Town administration where we believe such changes are necessary or desirable. We believe that the change recommended in the 1969 Warrant should be brought before the Town.

"We believe implicitly in the worth and effectiveness of the Town Meeting system. We believe that the By-Law change will strengthen the Town Meeting system and that any citizen should have the right to submit an article at both the March and October meetings. He has this right presently for the March meeting and the By-Law would give him that right for the October meeting. He would not be frustrated in any way from submitting an article in October which may, in effect, be the case at the present time if the proposal calls for the expenditure of money. In essence, this is our reason for making this recommendation at this time.

"The Board hopes sincerely that you can appreciate its position and

that you will support the change. We see no purpose to be served by any use of harsh words, recriminations or the like. The present state of affairs of Town government is such that we must work together on all matters of public concern. We do a disservice to ourselves personally, to the offices that we hold and to the people we serve by involving ourselves in unnecessary argument, inference or personal differences. We are confident that, at this time, common sense, more than anything else, will prevail."

## ARTICLES

(Continued from Page One)

Three articles, sure to be controversial, deal with two acre zoning. One calls for the enactment of such legislation, the others stipulating specific areas to be so designated.

Another item expected to evoke considerable discussion is the dog control law.

The article would revise the present leash law adopted last year and considered by town officials to be unenforceable.

The new law is somewhat more liberal.

An item in the municipal budget calls for funds to properly enforce the canine regulations, if the town adopts the regulations.

present so that the boys can question them and evaluate their afternoon's activities. It is also hoped that one or more selectmen can be present for as much of the afternoon as possible to assist the boys in the conduct of their meeting.

The arrangements for the day have been made by Leslie Bartow, recreation director and Donald Hayes, district commissioner.

### GIN

The "National Cyclopedia of American Biography", the most comprehensive work of American biography, has been given to Memorial Hall Library by the Andover Evening Study Program in appreciation for services given to the program and its members by the library. This massive reference work, which has been added to the reference collection, is composed of 49 volumes, which not only include long biographies but also are profusely illustrated with drawings and photographs of the subjects of the biographies.

The library edition of the "National Cyclopedia of American Biography" is a copy made by University Microfilm of the original set. Because the first volumes were published in 1898 and the last volume in 1966, the entire set shows changes in style and emphasis in the writing of American biography over a 70 year period.

### Large Print Books

Over seventy new titles have been added to the library's collection of large print books. These books are so attractive and easy on the eyes that they are popular with readers of all ages.

The following titles offer a sampling of the new additions to the collection: A. B. Guthrie's "The Way West," Josephine Teg's "A Daughter of Time," Thor Heyerdahl's "Kon-Tiki," Clarence Day's "Life with Father," Conrad Richter's "The Trees," Sam Levenson's "Everything but Money," Kathryn Forbes' "Mama's Bank Account," Robert Frost's "Come In and Other Poems," Bennett Cerf's "Laugh Dog," Robert Nathan's "One More Spring," Len Deighton's "Funeral in Berlin," Nevil Shute's "Kindling," Fred L. ## Seat-Squirmers Feature Play

By Frank Monette

This week's games in the Andover "Y" Basketball League was highlighted by spine-tingling, seat-squirming, cliff-hanging, coaches-nervous break-downs, and in one word that describes all of them, closest, games of the season. Two games were decided by one basket in the Pee-Wee Division, while two games were decided by a point in the Junior Division and two games went into overtime in the Intermediate Division.

People that have been giving of their own time voluntarily and are making the league a successful venture are League Director Frank Monette, Dennis Murphy, Rick Harrison, Richard Vice, Gerry Fannon, Rick Stanton, Ron Stanton, Mark Klempa, George Bragdon, Tom Comparato, Allan Kenney, Kevin Connors, Jim Morin, Jim Bowes, Doug Alexander and Co-ordinator Walter Kimball.

## Church League

## St. Augustine's Takes First Place

St. Augustine D, paced by Glenn "Cous" Verrette and Jeff Winters, broke open a tight defensive battle with 13 second-half points to send defending champion West Parish A down to a 16-5 defeat in a showdown battle for first place in the Junior Division of the Church Basketball league.

Both teams were 4-0 entering the game at the East Junior High gym Monday night, and West A was riding the crest of a two-season winning streak of 17 consecutive games.

The clubs were tied 2-2 after the first period of play, and West A enjoyed a 4-3 advantage at the end of the first half. But St. Augustine D combined the shooting of

Verrette and Winters with a full-court pressing defense to stymie the defending champs in the third and fourth quarters.

The talented 10-year-old Verrette, leading the Junior Division individual scoring race with 53 points, ended the game with 6 points and several key steals. Winters also added 6 points and Brian LaPointe notched 4 points for the winners.

Timmy Meyers, Jimmy Cox and Steve Hillman also starred for St. Augustine D, which has now outscored the opposition 116-13.

Billy "Stuff" Alexander paced West A with 3 points and Tommy Devlin added a pair of clutch free throws for 2 points. Other standouts for the defending champions included Steve Wilkins, Mark Hewett, Billy "Big O" Marston, Mark "Wilt" Conlon, Doug Spencer and Darel Myers.

West Parish B won its third straight game and moved into a tie for second place with a 4-1 record after edging Free Church 5-4. Dale Blaine sank a 20-foot push shot with less than a minute remaining to complete a West B comeback in the final period.

Earlier, Dave Bronson had kept West B in the game with 3 points, while John DiBitetto, Mark Ketzler, Gene Harris and Andy and Doug Campbell also played well for the winners.

Chuck Fisher and Jack Manning each swished 2 points for Free, while Scott Franz, Bill Bunnell, Steve Bradford and Mark Hamilton also stood out.

Big Curt Reming poured in 18 points and teammate Steve Galvin added 8 points to spark St. Augustine C to a 26-2 bombing of winless Christ Church. Dave Earley, Ed Reming and Mike Bernard also played fine floor games for the winners.

Greg Stupack fired in the only Christ Church bucket in the second quarter, while Chad Graves, Timmy Francis, Curt Leonard, Billy Anderson, Keith Eosefow and Will Broadbados contributed fine efforts in a losing cause.

Red-hot Baptist Church came from behind in the final period with four points to score a tight 10-9 win over newcomer Unitarian Universalist. The win was the third in a row for Baptist.

Brian White spearheaded the winning offense with 4 points, while Dave Dix, Dennis Whitton and Phil Markey added 2 points apiece.

For UU, which had led throughout most of the game, rangy Bob Joynson canned 4 points, Mike Russo and Dave Young scored 2 points each and Craig Lion flipped in 1 point. Mitch and Ken Sawaya and Tommy DeRosa also sparkled for UU.

South Church continued to play well with a solid 14-6 win over St. Augustine A. Paul "Pop-Shot" Maguire led the South attack with 6 points and John Kilgo notched 6 points.

For St. Augustine A, Bob Peterson was the entire show with all 6 points, while Mark Davey, Steve and Dave April, Henry and Phil Doherty and Roy Hoffman also played well.

In the final Junior match, St. Augustine B ripped St. Roberts, 20-8. John Zemis and Eddie Caselden canned 6 points apiece for the winners, while Dave Hajj chipped in with 4 points and Doug Walsh and "Buzz" Bayliss each had 2 points.

For St. Roberts, Jimmy Weitz banged in 5 points, brother Bart Weitz notched 2 points and Scotty Wojtkiewicz connected on a free throw.

In the Junior Division scoring chase, Glenn Verrette maintained a wide edge with 53 points and a 10.6 per game average. Curt Reming is second with 32 points, Jeff Winters third at 30 points, Billy Alexander next with 29, Paul Maguire fifth with 27 and Steve Galvin in sixth place with 24 points.

In the Intermediate Division action, undefeated West Parish B hiked its first place record to 5-0 and increased its lead to two full games with a 22-15 victory over Christ Church.

Greg "Dunk" Brown led the charge with 8 points, followed by Erik Jensen with 7 points, Karl Harig with 5 points and Barry Bronson with 2 points. Dave Vivian and Don Monroe also played well for West B.

Barry Long headed the well-balanced Christ Church offensive with 5 points, followed by Roddy Perron and brother Dave "Itchy" Perron with 3 points apiece and lefty Peter Knowles and Tim Francis with 2 points each. Dave Lockwood and Bill Cunliffe also did well for the losers. For West B the "Old No. 9 play" turned the tide.

South Church held off a late final period rush by defending champion St. Augustine to post an upset 18-16 victory. Brian Young was the big noise for South with 6 points, while Steve Cornwell added 5 points, Richie Robertson 4 points, Dave Mosher 2 markers and Tommy Appleton 1 point.

For St. Augustine, Keith Verrette took game scoring honors with 7 points while Joe Bartley threw in 5, Gary Meyers 2 and Steve Royal 2 points.

## On The Trails

## Ski Team Tops Twice

By Ted Sutton

The Andover Buddy Werner Ski Team has made it twice in a row. Winning over North Andover, Lawrence, and Methuen, last Sunday, at Boston Hill. The race was run on man made snow, the course was in good condition and held up well through out the day.

Bob Dunn one of the founders of the Buddy Werner Ski program in this area and owner and operator of Boston Hill, set the course of twenty-six gates.

Scott Young racing in the nine to eleven year old boys event had this second victory. His speed of 63.5 seconds was tops for the day. Nancy Reid, also of Andover, had the second best speed, 66.5 seconds, gave her a win in the girls 12 to 13 group. Mel Sciuto of Lawrence won the boys 12 to 13 competition at 66.9 seconds. Nine to eleven girls race was taken by Rosemary Brien, of North Andover time 96.5. Gilbert Eaton, Andover, received the blue ribbon for boys eight and under with 97.1. Girls eight and under taken by Kay Johnson of Andover, time 1.074. This gave the Andover team four blue ribbons out of a possible six.

Do you get tired of putting your

ski rack on and off, locking up your skis after each run and then forgetting the combination or taking them to bed to be certain of them in the morning? Well the Japanese have the answer to your problem. They have developed a fiber glass ski that folds mid-point, also poles that are collapsible, all in a neat package.

Good Omen Skiers: More snow fell in our area on the 1st day of February than we had in all 31 days of January.

Lawrence ski club is holding their championship Junior Slalom races at Methuen Hill Feb. 8, all comers welcome age eight to sixteen.

## Ted's Tips

After you remove your skis, never slap them together or drop them on the tails to remove the snow. It can damage the plastic bottoms causing them to lift. Wipe them off and store them on the tips rather than on the tails.

If you want to correct your Traverse, practice holding your downhill hip back and into the hill. If you can learn to hold your hip back, the rest of your body will fall into position.

## Ski Team Wins Second Meet

The Andover team will compete again next Sunday at Nashoba Valley against teams from Concord, Woburn, Norwood, and Dover - Sherborne. You know all about translucent makeup, and translucent stockings. But do you know about translucent hair? Well, it's not really - it just looks that way. You get it by using the silky hair toners on the market. You can also get it by making the most of your very own natural haircolor. Make it gleam and sparkle by giving it scrupulous care. How do you do that? Get lots of sleep and plenty of water. Brush your hair every night before you retire (unless it's very oily). And never wait "one more day" when your hair needs to be washed.

## Team In Thick Of Race

By Rick Harrison

The Andover High hockey team, which will depart for its two-week "dream tour" of Russia and Europe this Saturday, remained in the thick of a three-way battle for first place in the Merrimack Valley Schoolboy Hockey League by posting a pair of victories in league action at the Merrimack Valley Forum last week.

Coach Charlie Vars' Golden Warriors began with a 5-1 win over last-place Billerica, and ended with a tight 2-1 triumph against an upset-minded Chelmsford sextet.

The two triumphs snapped a three-game Andover losing streak and upped the Golden Warriors' league ledger to 9-3-1 for 19 points. This is good enough to tie them for second place in the tightest league race in history. Continuing in first was two-time defending champion Burlington with a 9-1-2 slate for 20 points, while Wilmington is knotted with Andover at 19 points on the strength of an 8-1-3 record.

Burlington and Wilmington each posted one win last week and battled to a 2-2 tie when they locked horns on Wednesday.

Andover scored twice in the second period and three times in the final session to topple Billerica. The rival sextets battled through a scoreless opening period, before Andover's junior defenseman Dave Marson rocketed a 40-foot slapshot into the nets at 10:39 of the second frame to give Andover a 1-0 edge. Mark Hockmeyer and Chris Mundy gained assists on the score.

With five seconds remaining in the middle canto the Golden Warriors' Jan Gottesfeld scored the first of his two markers to up the count to 2-0. Jan gained control of the puck after a scramble at the boards in the Billerica zone, and then skated to within five feet of Indian goalie Joe Lamphier before pushing the puck home for the red lighter.

The Golden Warriors wrapped up the win in the final session. Gottesfeld notched his second lamplighter of the afternoon at 2:37 when he guided in a Mark Hockmeyer blast from the blue line. Both Hockmeyer and Marson were credited with assists on the score.

Sophomore Steve St. Jean upped the advantage to 4-0 at the 3:13 mark as he took a pass from Marson and drilled his third yearly goal past Lamphier.

Andover goalie Ed Rawlings lost his shutout bid at 7:20 of the final period when Billerica sophomore Don Frost slipped a 10-footer into the Golden Warrior cage.

Center Chris Mundy of Andover closed out the scoring with 52 second remaining to be placed. Marson began the scoring play with a drive down the left hand side to the face-off circle near the Billerica net. Dave then shoved a soft backhanded pass to Mundy trailing the play and Chris slammed a 15-footer home for the score. It was Marson's third assist of the day.

Ten penalties were whistled in the game. The Golden Warriors outshot Billerica 36-17. Rawlings ended with 16 saves while Billerica goalie Lamphier was credited with 31 turnaways.

Doug Grange and Jan Gottesfeld were the entire offensive show for Andover in the 2-1 decision over Chelmsford. Grange whipped in his ninth and 10th yearly goals and Gottesfeld assisted on both tallies.

Grange's first red lighter came at 3:09 of the opening period as Andover gained a slim 1-0 lead. Grange connected again at 4:54 of the middle period to increase the lead to 2-0.

However, Coach Pete Melchiono's Chelmsford club made it interesting in the final period when Brian Cleary, a 6'5" winger, took

a pass from Tri-Captain Keith Macintosh and beat Rawlings at the 6:43 point to slice the lead to 2-1.

The Golden Warriors controlled the action the remainder of the way to gain the win. Once again Vars' Club held a wide 32-15 shooting edge. Rawlings was required to make just 14 stops, while Lion goalie Doug Cortina kept the game interesting with 30 saves and a fine individual effort.

Warrior Notes - In spite of his four points last week, Andover's Jan Gottesfeld lost his league scoring leadership to Burlington's Ed Malatesta. Gottesfeld now has 24 points and Malatesta has 27. Other Andover players in the top ten scorers include Grange and Hockmeyer with 18 points apiece (tied for fourth place) and Chris Mundy, 17 points, (tied for seventh). Others in double figures include Craig Bliss with 13 points. Dave Marson with 12 markers and Jeff Morgan with 10 points.

Gottesfeld is tied for the league lead in goals with 11 and Grange is next in line with 10. Both Gottesfeld and Hockmeyer have 13 assists to place second in that department.

Rawlings continues to lead the league's goaltenders with just 17 goals allowed in 13 games for a 1.31 pace. He has three shutouts. The Andover team is the top offensive club with 59 goals for a 4.5 per game average, and the squad also leads in total assists with 73.

Andover has again with Tewksbury this week before embarking on the long tour. On the trip they will play several exhibition hockey games against European clubs and enjoy a cultural and education experience never equalled by another United States high school sports team.

#### 'Y' Planning Trip To Follies

The Andover YMCA plans a program which will feature a trip by bus to the Ice Follies at the Boston Garden on Wednesday, Feb. 19. YMCA members 8-14 years of age are eligible, together with a limited number of parents, and reservations are being accepted on a first come first served basis. The bus will leave at noon and return to the Andover YMCA by 5:30 p.m. This edition of the always popular Ice Follies features an assortment of clowns, some exceptional skating spectaculars and Olympic Champion figure skater Peggy Fleming. ### Visit "Dick's TV" Remodelled Store

Your television, stereo or household appliance is only as good as the service behind it. For dependable TV and appliances serviced by men who know what they are doing, go to Dick's TV, located at 466 Haverhill Street in Lawrence. Dick Dube, an Andover resident, invites you to visit his newly remodelled store and see the newest in 1969 television. He has a large display room filled with TV and stereos in handsome cabinet models and portables.

Whether you are joining the ever-increasing number of families buying their first color TV set, or shopping around for a replacement or second set for your home, you will be wise to see the

newest models by RCA Victor and Zenith featured at Dick's TV. RCA Victor Trans Vista color TV has a single chassis tube with Solid State components. Zenith hand-crafted TV is now made even better with Titan 80, the finest quality-engineered chassis in color television, assuring longer TV life with significant new Zenith engineering advances.

Zenith solid state high fidelity stereo is featured at Dick's TV in a wide range of cabinets to suit any decor. You may also choose from a large selection of portable

radios, transistors, clock radios, and tape recorders.

In the appliance department, Dick's TV has Whirlpool and Norge washers and dryers, refrigerators, dishwashers, and Glenwood gas and electric ranges in all the latest decorator shades. They do all their own service and follow up on every sale to insure customer satisfaction. They are continually going to school to keep up with the latest innovations in the field.

Get acquainted with Dick's TV soon. Watch for their big 7th Anniversary sale in February to celebrate the recent remodelling of the entire store.

## School Board Commended

The school and finance committees played to a crowded house of visitors Tuesday night, pared \$44,223 from the budget, and parted close to sweet agreement.

The only cuts which FinCom head Dr. Albert Greenberg called "fat" were the \$15,000 cut from the \$33,500 scholars supplies item ("Are they sending paper and pencils home with the kids?") and the \$9,223 cut from the \$44,223 Student Body Activities budget ("I know from the men in the department they were told to add on 20-25% expecting that much to be cut.")

FinCom head Dr. Albert Greenberg made frequent reference to the \$35,000 deficit, wondering how it was to be made up; but he told School Committee Chairman Richard A. Katz that the school committee had taken its responsibilities to heart and cut the budget to where it ought to be.

Appropriations for new teachers will be discussed Tuesday night when the two boards meet again. The finance committee, viewed the request for 40-1/2 new teachers critically, but was impressed by the school committee's defense of both the classroom teachers, and the teachers requested in reading, physical education and guidance, speech and hearing as absolutely essential.

At conflict, Katz explained, are the theoretical Andover classroom average of about 26 pupils to a teacher and the reality that some Andover elementary schools have classes of over 32 pupils, and 30 children in kindergarten classes.

Asked why a guidance counselor is needed in every elementary school, Katz replied that "It's at the elementary level that educational problems should be identified, and we don't have sufficient personnel to identify these problems, to counsel, to screen kids

in and out of programs to help the perceptually handicapped students, or too counsel the emotionally disturbed and retarded children."

Superintendent of Schools Edward I. Erickson broke down the new teacher request as follows: Eight classroom teachers for the high school, and one in music; five classroom teachers for each junior high, one physical education teacher and one-half in music.

In the various elementary schools, the department is requesting, with school committee approval, one teacher in physical education, one in guidance, one in speech and hearing one-and-a-half in library, and the equivalent, in hours given of one teacher for perceptually handicapped in January and six in September; as classroom teachers, two and a half in Central, two at Sanborn, one at Shawsheen, one and a half at West, and one-half at South. This, declared Katz, is not "Cadillac" spending - its barely Ford-spending. Both Erickson, Clapp and Katz for the school committee stated their conviction that cutting down the new teacher appropriation in the face of a growing school population would "measurably decrease the education of children." They pointed out that the town's pupil expenditure average is \$585 per pupil which is only in the 55th percentile in Massachusetts. The national average is \$680 per pupil.

Greenberg took some of the school committee file material under his arm and promised further study before discussing the new-teacher issue again on Tuesday.

The \$8000 cut from the high school library will be more than made up for. Greenberg announced that he had met with the high school building committee the previous night, and the \$26,000 with-

held from the original high school library equipping fund of \$50,000 would be forthcoming this year, in installments.

Another \$8000 was cut when both bodies agreed to postpone hiring another assistant superintendent until after a new superintendent was in office, and could be consulted.

A crossing guard will be installed by the police department at the corner of Holt Rd. and Salem Street, Superintendent Edward I. Erickson announced, for the safety of children walking to Bancroft from the area north of Salem Street. Police also plan to close off Holt Road from Salem to Vine Street from 8:00-8:45 a.m. and from 2:45-3:30 p.m. to all but residents, if unless there is strong objection from Holt Road residents. A custodian will be posted at the corner of Vine and Holt Roads.

The superintendent also stated that a dozen kindergarten children would be bussed home at lunch time along with other kindergartners in the general area. He said that school busses and teachers driving to school would approach the school from Main St. These decisions followed a survey of traffic and safety conditions in the area by Officer Tammany.
